STATINTL

Dear Bill:

When we mailed the sine-waves to you our schedule did not permit the calculations of modulation for the one, two, and three lines/mm frames. The below listing contains the calculated modulation values.

1-1	.060	2-1	.075	3-1	.005
1-2	.085	2-2	.084	3-2	.014
1-3	.130	2-3	.092	3-3	.036
1-4	.165	2-4	.131	3-4	.048
1-5	.219	2-5	.139	3-5	.072

I am still planning to visit you on the 8th of July unless I hear to the contrary. If this is unsatisfactory, let me know as soon as possible so that we can re-arrange our schedule.

Sincerely,

STATINTL
